LITTLE WONDERS ESL · ANSWER KEY

Biology Word Lab: The digestive system

Level B1 · about 25 minutes · the journey of your food

1 BRAIN TEASERS: ANSWERS

1. **STOMACH**. The stomach mixes the food with acid.
2. **SALIVA**. Saliva makes food soft.
3. **INTESTINE**. The small intestine absorbs nutrients.

2 TEACHER NOTE

Follow the food from the mouth to the stomach, the small intestine and the large intestine. Ask students to draw and label the path.

3 WORD HUNT: SOLVED

12 columns, 8 rows

S	A	L	I	V	A	A	T	N	U	A	U
T	T	A	R	R	O	O	R	P	E	L	I
O	E	C	B	E	M	T	F	O	O	D	A
M	E	I	S	P	O	D	E	R	R	P	I
A	T	D	V	E	U	D	Y	F	P	L	S
C	H	K	E	U	T	O	T	L	T	E	D
H	H	Z	E	E	H	W	A	S	T	E	O
O	I	N	T	E	S	T	I	N	E	R	A

- **STOMACH: down, row 1, column 1**
- **SALIVA: across, row 1, column 1**
- **INTESTINE: across, row 8, column 2**
- **MOUTH: down, row 3, column 6**
