LITTLE WONDERS ESL · ANSWER KEY

Geography Word Lab: Deserts

Level A2 · about 25 minutes · hot, cold and very dry places

1 BRAIN TEASERS: ANSWERS

1. **SAHARA**. The Sahara is the largest hot desert.
2. **DUNE**. Wind moves sand into dunes.
3. **OASIS**. An oasis has water in a desert.

2 TEACHER NOTE

Surprising fact for students: the largest desert on Earth, Antarctica, is covered in ice. Desert means very little rain, not heat.

3 WORD HUNT: SOLVED

12 columns, 8 rows

C	I	S	O	I	O	P	T	R	D	O	N
S	A	H	A	R	A	I	P	I	G	C	D
O	O	C	S	A	R	T	W	R	S	A	E
O	A	R	I	U	P	A	L	M	A	M	S
U	R	A	S	P	T	M	D	U	N	E	E
T	I	E	N	E	D	A	S	I	D	L	R
H	T	E	R	G	R	O	A	A	T	Q	T
I	G	I	R	R	A	I	N	K	U	A	L

- **SAHARA: across, row 2, column 1**
- **DUNE: across, row 5, column 8**
- **OASIS: down, row 1, column 4**
- **DESERT: down, row 2, column 12**
- **CAMEL: down, row 2, column 11**
- **SAND: down, row 3, column 10**
- **PALM: across, row 4, column 6**
- **RAIN: across, row 8, column 5**

4 SPEAK: SAMPLE ANSWERS

Accept any correct answer in the child's own words

1. How much rain does a desert get?
A desert gets very little rain.

2. Are all deserts hot?
No. Antarctica is a cold desert.

3. What is an oasis?
An oasis is a place in a desert with water.
