LITTLE WONDERS ESL

Geography Word Lab: Deserts

Level A2 · about 25 minutes · hot, cold and very dry places

1 BRAIN TEASERS

Read the clue. Write the English word in the boxes.

1. I am the largest hot desert in the world. I am in the north of Africa. ☐☐☐☐☐☐
2. I am a hill of sand made by the wind. ☐☐☐☐☐
3. I am a place in a desert where there is water and palm trees can grow. ☐☐☐☐☐

2 COOL FACT: LIFE WITH VERY LITTLE RAIN

A **desert** is a place that gets very little rain, less than 250 millimetres in a year. Not all deserts are hot. **Antarctica** is the largest desert of all because it is cold and very dry. The **Sahara** in Africa is the largest hot desert. In hot deserts, the days are very hot, but the nights can be cold. Wind moves the sand into hills called **dunes**. An **oasis** is a place in a desert with water, where palm trees can grow. **Camels** can walk for a long time on the sand.

millimetres = very small units of length

wind = air that moves

hills = land that is higher than the land around it

palm = a tree with long leaves at the top

WORD BANK

- ☐ **Sahara**
- ☐ **dune**
- ☐ **oasis**
- ☐ **desert**
- ☐ **camel**
- ☐ **sand**
- ☐ **palm**
- ☐ **rain**

4 SPEAK

Tell your teacher in your own words (about 1 minute)

1. How much rain does a desert get?
2. Are all deserts hot?
3. What is an oasis?
