LITTLE WONDERS ESL

Geography Word Lab: Rainforests

Level B1 · about 25 minutes · the warm, wet forests

1 BRAIN TEASERS

Read the clue. Write the English word in the boxes.

1. I am an imaginary line around the middle of Earth. Rainforests are near me.
2. I am the thick roof of leaves at the top of a rainforest.
3. I am the largest rainforest in the world. I am in South America.

2 COOL FACT: A FOREST FULL OF LIFE

A tropical rainforest is a thick forest with a lot of rain. It is near the **equator**, so it is warm and wet all year. The **Amazon** in South America is the largest rainforest. Millions of plants and animals live in rainforests. A rainforest has **layers**. The **canopy** is the thick roof of leaves, and **monkeys** and **toucans** live there. Trees take in carbon dioxide and give us oxygen. People cut down forests for wood and farms, and this is a danger to the animals.

tropical = from the hot parts of Earth near the equator

layers = levels, one above another

danger = something that can hurt or kill

cut down = to make a tree fall to the ground

3 WORD HUNT

Across or down

T	T	O	U	C	A	N	L	T	C	R	G
S	E	Q	U	A	T	O	R	Y	L	M	E
C	F	C	B	N	M	A	C	R	L	Y	I
B	O	E	V	O	O	I	J	E	A	E	Z
U	R	R	T	P	N	R	R	N	T	E	L

O	S	L	A	Y	E	R	S	E	E	A	E
E	T	C	T	T	Y	R	A	I	N	N	W

WORD BANK

- ☐ equator
- ☐ canopy
- ☐ Amazon
- ☐ forest
- ☐ monkey
- ☐ toucan
- ☐ layers
- ☐ rain

4 SPEAK

Tell your teacher in your own words (about 1 minute)

1. Why is a rainforest warm and wet?
2. Which animals live in the canopy?
3. Why are rainforests important?
