Geography Word Lab: Weather and climate

Level B1 · about 25 minutes · today and over many years

1 BRAIN TEASERS: ANSWERS

1. **WEATHER**. Weather changes from day to day.
2. **CLIMATE**. Climate is the usual weather over a long time.
3. **FORECAST**. A forecast tells us about the weather ahead.

2 TEACHER NOTE

Contrast: today is weather, a place over many years is climate. Students check a forecast and say what they will wear tomorrow.
