# History Word Lab: The Roman Empire

Level B1 · about 25 minutes · roads, soldiers and the Colosseum

## 1 BRAIN TEASERS

Read the clue. Write the English word in the boxes.

1. I was the ruler of the Roman Empire. Augustus was the first of me.
2. I am a bridge that carried water to Roman cities.
3. I am a huge arena in Rome. Crowds watched gladiator fights in me.

## 2 COOL FACT: FROM A CITY TO AN EMPIRE

**Rome** began as a small city in Italy and grew into a huge **empire**. Augustus was the first **emperor**. At its largest, around 117 CE, the empire stretched from Britain to Egypt. Roman soldiers were well trained. The Romans built long, straight **roads** and **aqueducts**, which carried water to the cities. They also built large buildings, such as the **Colosseum**, an arena in Rome. Latin was the language of the Romans, and many English words come from it. The Western Roman Empire ended in 476 CE.

**stretched** = went from one place to another

**trained** = taught to do a job well

**arena** = a large place for sports or shows

**Latin** = the language of ancient Rome
