EVERYDAY SERIES

Everyday Animals 1

Level A2

Sentence Flashcards

Ages 6–10

How to use this set

Teacher / Parent Guide · Everyday Animals 1 · Level A2

1 Show and read
Show the picture. Read the sentence together; point to the green word.

2 Point and talk
Use the side panels: food, sound, legs, body parts.

3 Story pages
Read each short story page; it follows the search for Nibbles.

4 Ask and answer
Ask the question. The child answers in a full sentence.

5 Act it out
Move and sound like the animal. Others guess.

Learning goals · Level A2

Words (6) · the animals the child learns to name

cat · dog · bird · goldfish · rabbit · hamster

New at A2: whiskers, paws, beak, feathers, fins, gills, cheek pouches

Describing sentences · Say what an animal does and where.

e.g. The hamster sleeps in the day.

To … and comparing · Give a purpose; compare two pets.

e.g. It keeps food to eat later. · A dog is bigger than a cat.

Skills · What the child can do by the end.

Can do Answer "why" in a full sentence · compare two pets

Story · Where Is Nibbles?

Max brings Nibbles a snack, but the cage is open and empty!

whiskers

paws

cat

A cat uses its **whiskers** to feel its way in the dark.

A cat can sleep 12–16 hours a day — **much longer than** you!

Do you sleep more or less than a cat? How many hours?

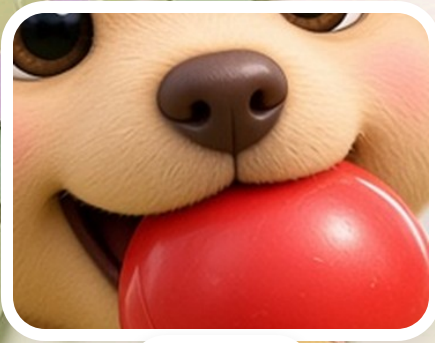

The sleepy **cat** naps on a soft cushion in the afternoon.

Story · Where Is Nibbles?

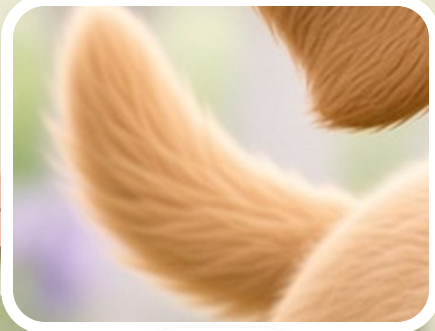

Max asks the **cat**, but she just yawns and goes back to sleep.

nose

tail

dog

A dog’s **nose** can smell much better than a person’s nose.

A dog **wags its tail** when it is happy or excited.

How can you tell that a dog is happy?

The playful **dog** runs across the garden with a red ball.

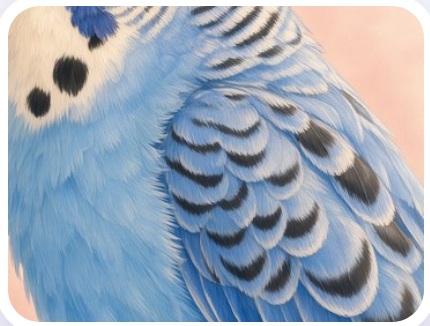

Buddy sniffs the floor and finds tiny footprints going to the garden door.

beak

feathers

bird

Feathers keep a bird warm and help it fly.

A budgie is **lighter than** an apple!

egg → chick → bird

egg chick budgie

What does a bird need to fly?

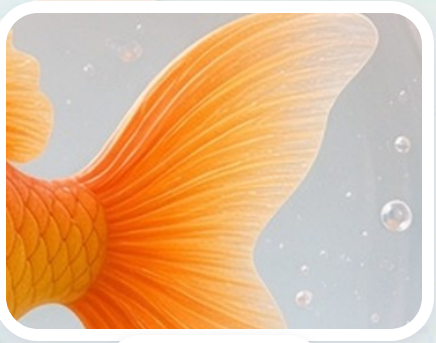

The **budgie** opens its wings and flies out of its cage.

Story · Where Is Nibbles?

The **bird** tweets and looks down at the **goldfish** bowl. Is Nibbles there?

tail fin

scales

goldfish

A fish uses its **gills** to breathe in water.

Fins help a fish swim, turn and stop.

Why can't a goldfish live out of water?

The **goldfish** swims around its glass bowl all day.

Nibbles is not in the water, of course! Max and Buddy go to the garden.

long ears

strong back legs

rabbit

Long **ears** can hear sounds from far away.

A rabbit is **faster and bigger than** a hamster.

What does a rabbit eat most?

carrot (treat)

hay / grass (main food)

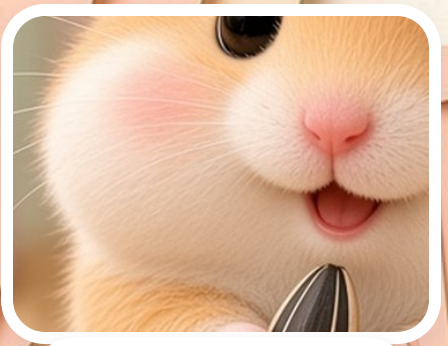

Carrots are a treat. What does a rabbit eat most?

The **rabbit** hops across the garden to eat a crunchy carrot.

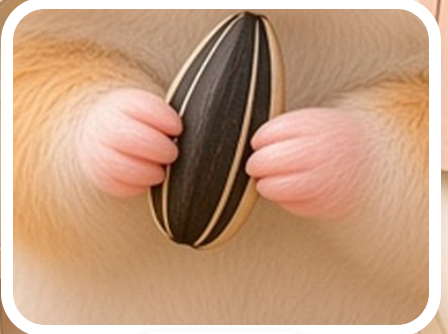

Max opens the hutch and sees the **rabbit**, and a tiny tail behind her!

cheek pouches

paws

hamster

A hamster carries food in its **cheek pouches**.

Hamsters sleep in the day and are busy at night.

Why does a hamster fill its cheeks with food?

The **hamster** puts lots of seeds in its cheeks to eat later.

Nibbles is sleeping next to the warm **rabbit**. They are best friends now!

Pets review · Fill the blank
