EVERYDAY SERIES

Everyday Weather 2

Level A2

Sentence Flashcards

Ages 6–10

How to use this set

Teacher / Parent Guide · Everyday Weather 2 · Level A2

1 Show and read
Show the picture. Read the sentence together; point to the green weather word.

2 Point and talk
Use the side photos and facts. Ask the purple question.

3 Act it out
Shiver for cold, fan yourself for hot, open an imaginary umbrella.

4 Story pages
Read each short story page; it follows the family's climb up the mountain. Each card is a checkpoint: ask what the weather is.

5 Worksheets & daily talk
At the end: What do I wear? and My weather forecast. Then ask every day: What's the weather like today?

Learning goals · Level A2

Words (6) · the weather words the child learns to say

hot · cold · foggy · umbrella · raincoat · rainbow

New at A2: appear, melt, waterproof

Comparing · Say which one is more, or the most.

e.g. hotter / colder than · the warmest day

Future with will · Say what will happen.

e.g. It will rain, so I will take my umbrella.

Skills · What the child can do by the end.

Can do Plan for tomorrow's weather · explain why (waterproof, melts)

Story · Up the Mountain to the Rainbow

The family is going to climb a mountain. Max wants to see the view from the top.

melting

puddle

hot

The warm air makes the ice cream soft, so it melts.

On a very hot day, it melts **faster**.

Why does ice cream melt faster on a hot day?

Today is hotter than yesterday, so my ice cream is melting fast.

Story · Up the Mountain to the Rainbow

At the bottom it is so **hot** that the ice cream melts. Higher up, it gets **cold**.

gloves

jacket

cold

Cold air turns my warm **breath** into a little white cloud.

A thick jacket **keeps** warm air close to my body.

Why can you see your breath on a cold day?

This morning was colder than yesterday, so I put on my warmest jacket.

They put on gloves and jackets. Near the top, it gets **foggy**: a thick white fog comes in.

lamp

fog

Foggy

Cars drive **more slowly** in fog **because** it is hard to see.

The fog **will** go away when the sun warms the air.

Why does fog disappear later in the morning?

It was very **foggy**, and the street lamps looked like ghosts.

It is so **foggy** that Max can't see Dad next to him. Then it starts to rain, and Dad opens his **umbrella**!

raindrops

wet street

umbrella

Rain runs off an umbrella **because** it is waterproof.

I stayed dry yesterday **because** I had my umbrella.

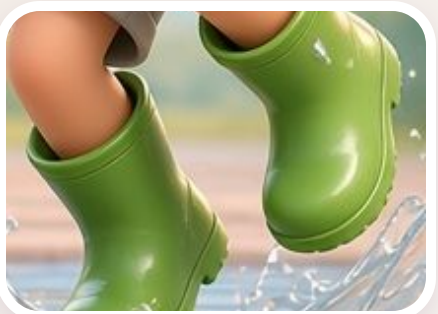

Why does the rain slide off an umbrella?

It will rain this afternoon, so I will take my **umbrella** to school.

The **umbrella** keeps their heads dry, and Mom gives Max his yellow **raincoat**.

rain boots

splash

raincoat

A raincoat is **waterproof**, so water can't get through.

Boots are **taller** than shoes, so puddles can't get my feet wet.

What will you wear if it rains tomorrow, and why?

I wore my red **raincoat** and boots, so I stayed dry in the rain.

Max splashes in the puddles. Then the rain stops, and the sun comes out. Look!

sun

rain

rainbow

You see a rainbow **because** sunlight shines through raindrops.

Raindrops change sunlight into seven colors.

If tomorrow is sunny but dry, will we see a rainbow? Why not?

It rained this morning, but then the sun came out, so a **rainbow** appeared.

Story · Up the Mountain to the Rainbow

The sun and the rain make a big **rainbow** across the valley. What a view!
